

The Executive Group has delegated responsibility to authorise specific items on behalf of the Health and Wellbeing Board.

Prevention Concordat for Better Mental Health

It was agreed by the Board (December 5th 2018) to sign up to this nationally championed Concordat to put mental health high on the agenda across the partnership. In order to become a recognised signatory of the Concordat, the partnership must sign up to a set of local actions. The Executive group approved the local action plan on behalf of the Board, and the application is now ready to be submitted, once it has been signed by the Board Chair

Mental Wellbeing Strategy

The executive group received the 'mental health and wellbeing for all' strategy that has been produced following the adult mental health needs assessment that was completed on behalf of the Health and Wellbeing Board. The Strategy identifies 6 improvement priorities which will be delivered through work with the Black Country STP and through local partnership action as highlighted in the concordat for Better Mental Health. The Executive group ratified the strategy on behalf of the Board
