2. (Alcohol) Licensed premises gaming machine permits -- (Schedule 13 Parapagraph 4(1))

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);
- the premises are mainly used for gaming; or
- an offence under the Gambling Act has been committed on the premises.

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and "such matters as they think relevant." This licensing authority considers that "such matters" will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Measures which will satisfy the authority that there will be no access may include the adult machines being in sitesight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons ~~this~~ applicants may wish to consider the provision of information leaflets / helpline numbers for organisations such as GamCare.

It is recognised that some alcohol licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult ~~Entertainment~~Gaming Centre premises licence.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permitte must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

3. Prize Gaming Permits -- (Statement of Principles on Permits - Schedule 14 Parapagraph

8 (3)

The Gambling Act 2005 states that a ~~Licensing Authority~~ licensing authority may "prepare a statement of principles that they propose to apply in exercising their functions under this Schedule" which "may, in particular, specify matters that the licensing authority propose to consider in determining the suitability of the applicant for a permit".

This licensing authority has prepared a Statement of Principles which is ~~... (insert text)~~ that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

OR

~~(a) This licensing authority has not prepared a statement of principles. Should it decide to do so it will include details in a revised version of the policy statement that they understand the limits to stakes and prizes that are set out in Regulations;~~

- and that the gaming offered is within the law.

In making its decision on an application for this permit the licensing authority does not need to have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

4. Club Gaming and Club Machines Permits

Members Clubs and Miners' welfare institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Clubs Gaming machines permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations. A Club Gaming machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

~~Draft-Gambling Commission Guidance for local authorities~~ states: "~~Members~~ Members clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members' club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations." ~~(25.3)affiliations."~~
